When you see this it means
Pet Friendly Cabins

Over 75% of our parks are pet friendly!

Family Parks Pet Friendly Policy

Here at Family Parks, we understand that many of our travelling customers like to bring their pets with them.

We encourage our Family Parks to have a policy that accepts your pet and we are delighted that the majority of our parks offer you that.

In fact, our chain of parks has by far the most 'pet-friendly' members of any chain over 75%.

So what does this mean for you?

Naturally, the park owner has some important responsibilities for the comfort, care and safety of all their customers, so you might find there are some obligations you are required to fulfill. As a guide, your pet would need to be de-sexed, registered, quiet, leashed and poop-scooped.

Importantly, we ask that you take all measures to ensure the safe and responsible supervision of your pet at all times while on site.

Often, there will be more specific information underneath this symbol, such as 'Conditions Apply'. It is wise to check on each park's policy when you are making your booking.

This directory contains some key information on each parks policy.

You will see these symbols:
